

## *Get Started*

Pick up your “Walk Your Human” kit in the Public Works office, County Administration Building, 2<sup>nd</sup> floor, 107 N. Kent St. It contains a safety vest, litter grabber, dog waste dispenser and bags and a pedometer.

## *Walk*

Invite your dog for a walk. You won't have to ask twice and your pet won't care where you're going or why. Take along a small trash bag as you walk your furry companion, collect any litter that you find along the way. Who knows? After a few outings, your pet may join in!

## *No Dog?*

That's okay. A dog is not required to participate, but there's probably no greater motivator than a wagging tail to get you outdoors. Consider visiting the Frederick County Animal Shelter to discover a new best friend.

## *Litter Selfie*

Here's the really unique step. Take a “litter selfie” using Litterati, downloadable on the Apple App Store and coming soon for Android users. Litterati will track “Walk Your Human's” success and put Frederick County's cleanup efforts on a global map – literally!

You'll have your smartphone with you anyway, right? It's very important to have fun and follow through with this final step!

## *Benefits*

Combat litter which mars our community's natural beauty. Litter is not only ugly and costly to collect, but endangers wildlife.

Quality time with your best friend.

Exercise for you and your pet.

Novel and meaningful reason to take a selfie!

Frederick County  
Clean Sweep

**Walk Your  
Human** 

Meet Butch.  
He is the inspiration for the “Walk Your Human” litter initiative. During walks with his Clear Brook area family, Butch collected bottles, cans and all sorts of roadside litter. Although now deceased, Butch lives on in the hearts of his family and leaves behind a legacy of service and a cleaner community.

*Walk your dog.  
Collect litter.  
Build a better  
community.*
