

2023 VIRGINIA PERMISSIBLE FIREWORKS

State Fire Marshal's Office
Special Operations Section
1005 Technology Park Drive
Glen Allen, Virginia 23059
Telephone: (804) 371-0220
Fax: (804) 371-3367
Website: www.vafire.gov

In accordance with Section §27-96.1 of the Code of Virginia, unless prohibited by a local ordinance, the provisions of the Statewide Fire Prevention Code pertaining to fireworks shall not apply to the sale of or to any person using, igniting, or exploding permissible fireworks on private property with the consent of the owner of such property.

The fireworks listed in this document have been field tested to compare the items to the performance criteria of the American Fireworks Standards Laboratory (AFSL) and are classified as "permissible fireworks" for purposes of applying and enforcing the Statewide Fire Prevention Code.

The requirements for the sale or use of other than permissible fireworks, including certification and permit requirements, can be found in Chapter 56 of the Statewide Fire Prevention Code (<https://codes.iccsafe.org/content/document/1360/14583684>).

CAUTION: Code of Virginia §27.97 allows local jurisdictions to adopt fire prevention regulations that are more restrictive or more extensive in scope than the Statewide Fire Prevention Code. Many local jurisdictions prohibit the use of *all* fireworks. Individuals should check with their city, county, or town to determine any local regulations.

Any questions about Virginia permissible fireworks should be directed to Troy Bower ASFM - Special Operations - Virginia State Fire Marshals Office Troy.Bower@vdfp.virginia.gov or (804) 840-3523

2023 APPROVED PERMISSIBLE FIREWORKS
