SHERIFF'S OFFICE***

2014 ANNUAL REPORT

Mission Statement

It shall be the mission of the Frederick County Sheriff's Office to provide fair, unbiased law enforcement services to the public, while respecting the individual's constitutional rights.

Code of Ethics

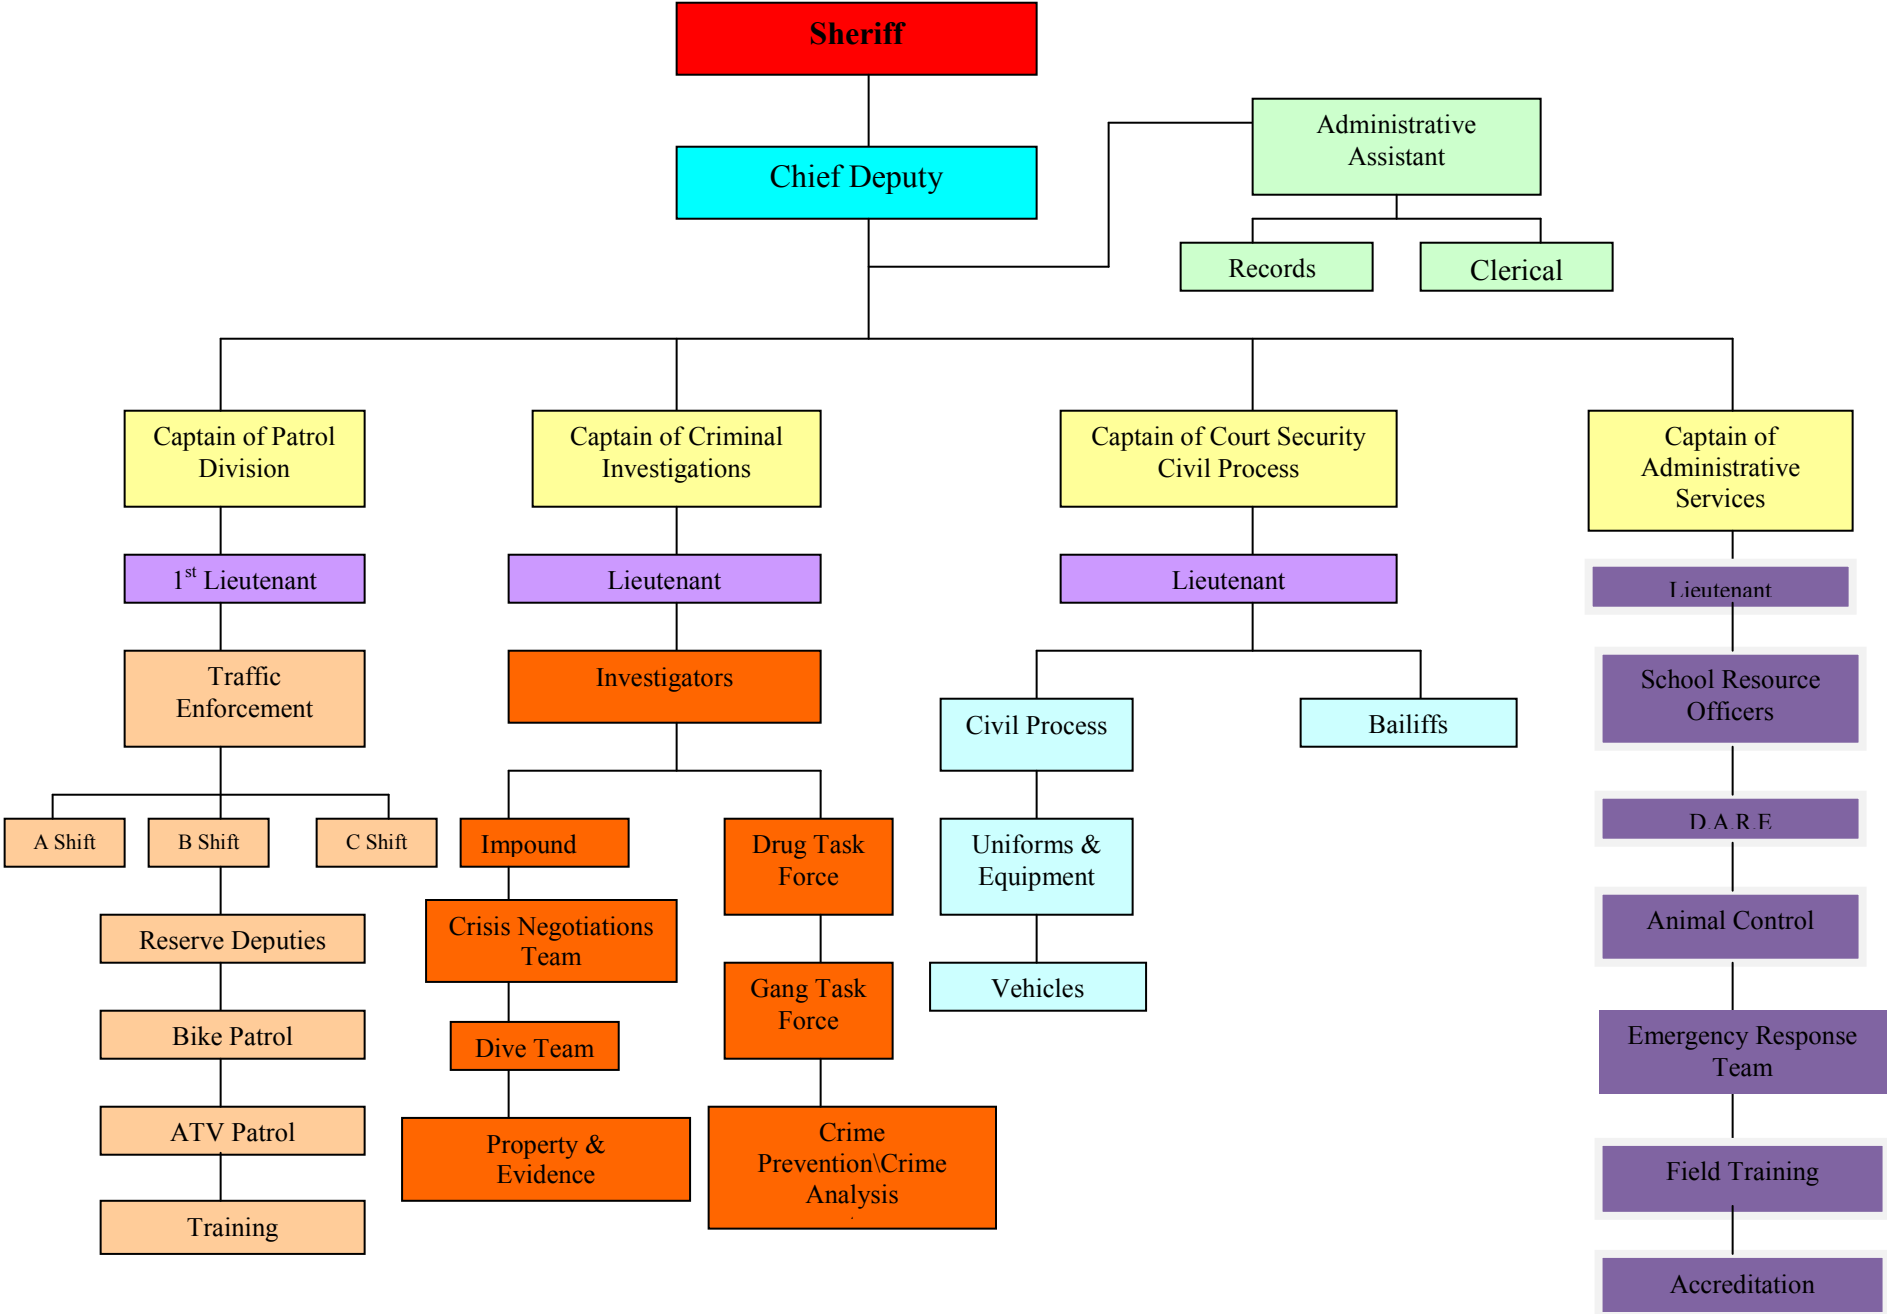

“As a law enforcement officer, my fundamental duty is to serve mankind; to safeguard lives and property; to protect the innocent against deception, the weak against oppression or intimidation, and the peaceful against violence or disorder; and to respect the constitutional rights of all men to liberty, equality, and justice.

I will keep my private life unsullied as an example to all; maintain courageous calm in the face of danger, scorn or ridicule; develop self-restraint; and be constantly mindful of the welfare of others. Honest in thought and deed in both my personal and official life, I will be exemplary in obeying the law of the land and the regulations of my Office. Whatever I see or hear of a confidential nature that is confided to me in my official capacity will be kept ever secret, unless revelation is necessary in the performance of duty.

I will never act officiously or permit personal feelings, prejudice, animosities, or friendships to influence my decisions with no compromise for crime and with relentless prosecution of criminals. I will enforce the law courteously and appropriately without fear or favor, malice, or ill will, never employing unnecessary force or violence and never accepting gratuities.

I recognize the badge of my office as a symbol of public faith, and I accept it as a public trust, to be held so long as I am true to the ethics of public service. I will constantly strive to achieve these objectives and ideals, dedicating myself before God to my chosen profession-law enforcement.”

High Profile Cases

Drowning

On May 16th, 2014 at approximately 0430 hours Bryan Sears of Middletown, MD drowned while trying to cross the low water bridge located in the 1600 block of Old Charlestown Road. Mr. Sears was in the Winchester area providing street sweeping services for his employer. Mr. Sears was driving the street sweeper back to Maryland after completing his work assignments. Mr. Sears drove onto a low water bridge that was covered with water from a recent storm. The vehicle began to fill with water and was swept off the low water bridge by the current. Mr. Sears contacted the Emergency Communications Center requesting help, but the call disconnected. When deputies arrived at the scene they could not locate Mr. Sears' vehicle. The Sheriff's Office dive team was activated and the vehicle, with Mr. Sears still inside, was eventually located approximately one mile downstream from the low water bridge.

Homicide

On November 9th, 2014 at approximately 0417 hours the Frederick County Sheriff's Office responded to the 200 block of Hunter Run Road for an unknown disturbance. The responding deputies found a rear basement door that had been forcibly opened. The deputies entered the basement door and found a deceased male inside the residence. The investigation revealed two suspects who were arrested and charged with first degree murder and breaking and entering to commit murder.

Homicide

On August 3rd, 2014 at 0029 hrs deputies responded to the 200 block of Nottoway Drive for a report of shots being fired in the parking lot area. Deputies located the suspect who reported that he had a disagreement with a neighbor and fired several shots from his pistol in self-defense. Deputies located several vehicles that had been hit by the shots and arrested the intoxicated suspect. Deputies responded back to the area around 1440 hrs to check the welfare of a subject that the family was unable to contact. Deputies gained access to the residence and found the subject had been shot and was deceased. It was determined that one of the bullets fired by the suspect that was arrested earlier that morning had entered this subject's residence through the front wall and stuck the victim while he was in his bed. The suspect pleaded guilty to the shooting incident and was sentenced to 13 years in prison.

Sheriff's Office cruisers. Once the deputy placed the arrestee in his cruiser, the deputy proceeded to help the other deputies with the four female occupants still in the stopped vehicle. A short time later the Sheriff's Office cruiser the suspect was in was seen being driven away by the suspect.

Deputies pursued the stolen cruiser southbound on Rt. 37. Deputies and the Virginia State Police got the stolen cruiser stopped at the Valley Pike and Rt. 37 entrance to Kernstown Commons. The suspect was removed from the stolen cruiser and transported to Winchester Medical Center with non-life threatening injuries. The suspect had managed to slide his handcuffs to the front and unlatch the partition that separates the driver area from the prisoner area in the cruiser. The suspect then crawled over the lowered partition and stole the cruiser. The factory defective latch has been modified in all Sheriff's Office cruisers where this partition installed to prevent this incident from happening again. Tennessee authorities wanted the juvenile suspect for burglary, escape and for his involvement in a shooting incident.

New Equipment

Mobile Data Terminals

Mobile Data Terminal in Sheriff's Office Cruiser

New Getac computers were issued to Sheriff's Office personnel in 2014 so that deputies are now able to complete Incident Based Reports (IBR) in the field and submit them electronically. The supervisors review and approve the report and it is then electronically submitted to the records section where it is reviewed and placed in the Sheriff's Office records management system, RMS One Solution. This system has allowed deputies to remain on patrol and submit their reports without having to come into the Sheriff's Office. This system also saves the Sheriff's Office funds since the reports are no longer being printed, everything is done electronically. The new computers also give deputies access to Virginia Department of Motor Vehicle files eliminating some radio traffic between the deputies and the Emergency Communication Center.

Search and Rescue Team

The Frederick County Sheriff's Office instituted a Search and Rescue Team in 2014. After a local volunteer Search and Rescue organization ceased operations in Frederick County the Sheriff's Office realized the need for trained Search and Rescue personnel. In Virginia law enforcement agencies are responsible for Search and Rescue. Currently there are 6 man trackers and 15 searchers on the team. Most of the Search and Rescue training will be provide by the Virginia Department of Emergency Management (VDEM).

The Frederick County Sheriff's Office also has a memorandum of understanding with Clarke County Sheriff's Office, Warren County Sheriff's Office, Fauquier County Sheriff's Office, and Shenandoah County Sheriff's Office to assist each other as requested in Search and Rescue missions.
